

KRAFT MACHINES

K200H

**Compact power.
Capacity for the job.**

COMPACT WHEEL LOADER
FOR EFFICIENT WORK

2 130 kg

OPERATING WEIGHT

1 200 kg

LIFTING CAPACITY

0-15 km/h

TRAVEL SPEED

KRAFT K200H is a compact wheel loader built for agile manoeuvring, strong hydraulics and reliable work in confined environments. With a lifting capacity of 1,200 kg and an operating weight of 2,130 kg, it delivers power and stability in a compact format.

KRAFT K200H

Technical data.

Compact dimensions. Great capacity.

COMPACT WHEEL LOADER
FOR EFFICIENT WORK

SPECIFICATION	VALUE
Operating weight	2 130 kg
Lifting capacity	1 200 kg
Engine manufacturer	Kubota V1505
Engine type	4-cylinder, water-cooled
Max engine power	18.4 kW / 25 hp
Engine speed	2200 rpm
Emission standard	Stage V
Travel speed	0–15 km/h
Fuel tank	30 L
Hydraulic oil tank	34 L
Hydraulic flow	32 l/min
Working hydraulic pressure	225 bar
Overall length	4 169 mm
Length without bucket	3 368 mm
Wheelbase	1 613 mm
Height with overhead guard	2 264 mm
Max lifting height	2 862 mm
Dump height	1 996 mm
Overall width	1 250–1 350 mm
Ground clearance	210 mm
Max turning radius	3 100 mm
Steering angle	43°
Tip angle	50°

LED lighting

Front bucket
